

Rockfig is now available through RM Unify!

London - Date July 7th 2014

Rockfig, the social curation site that helps you find the web's best FREE learning resources for 11-18 year olds, has just announced its availability through RM Unify, RM Education's 'Launch Pad to the Cloud'.

"We're really pleased to be joining top educational providers like Education City, Brain-Pop, Microsoft and Google in RM Unify's 'App library'. From now on staff and students from thousands of schools in the UK including every school in Scotland, can have direct access to Rockfig using their Unify single login details," said Rockfig's CEO, David Summers.

About Rockfig

Rockfig is a start-up based in London.

Its site currently organises free resources for learning, homework and revision, for UK National Curriculum Biology, Chemistry, Physics, ICT, and the new Computing curriculum. Other subjects will be coming very soon.

About RM Unify

RM Unify is RM Education's 'Launch Pad to the Cloud'; a single sign on system designed specifically for education, working anywhere and on any device. RM Unify allows users' access to the Internet based apps and services most useful to them without having to remember a host of different passwords and user credentials. It brings together the very best resources that are available across the web from the widest range of suppliers. RM Unify allows simple and secure access for students, a host of the top educational applications and services for teachers to discover and an effective user management solution for administrators.
